

About

Wexner Heritage Village

Wexner Heritage Village, a non-profit organization founded in 1951, provides highly-regarded healthcare and housing for seniors who choose our family of services to assist them with living life to the fullest – at home or on our campus. Our experienced and caring team is dedicated to helping older adults make choices that will enhance their overall well-being. Options include long-term and memory care, independent and assisted living, and rent-subsidized senior housing.

Adults of all ages use our extensive home care and wellness programs, on-campus medical services, short-term rehabilitation center, developmentally disabled programming and housing, at-home and in-patient hospice care, and spiritual support.

Our WHV Institute fosters geriatric research and education while providing training opportunities and critical experience for current staff and the next generation of caregivers.

Life-affirming Jewish values guide our actions and purpose. Individualized, holistic care is at the heart of all we do throughout the Wexner Heritage Village family of services. Honoring and knowing each individual who entrusts us with their well-being is indeed our ultimate privilege.

About

The Campaign to Revolutionize Care

On the occasion of our 60th anniversary in 2011, Wexner Heritage Village is embarking on a five-year \$10 million comprehensive fundraising effort to fortify our future. Campaign gifts include all unrestricted and restricted annual fund gifts made during the five-year period as well as capital and endowment gifts. A lengthy selection of naming opportunities are available for those interested.

The philanthropic investments of this campaign will sustain our current family of services, expand and diversify our healthcare and residential living options, and protect our future. Adapting, growing, and innovating our services to meet the complex needs of future generations requires the investment of the entire community.

We invite you to join us in realizing our goal to Revolutionize Care at Wexner Heritage Village. Thank you for so profoundly caring for those we serve today and for ensuring our vision and mission are relevant for generations to come.
